RANUNCULUS

LOCAL AND ACCLIMATISED

which means that all the bulbs grow—therefore—preferable to the imported line, the growth of which is always apt to be unsatisfactory.

A wonderful assortment of all Colors and Varieties.

Wonderful offer of different types of these important bulbs, embracing an endless variety of colors. Excellent for massing and in beds or borders the effect is gorgeous. Plant the bulbs 4 to 6 inches apart, claws downwards, covering with one inch of light soil.

Above are extra good bulbs, and highly recommended.

PRICE,
MIXED, 1/- DOZ.
7/6 100

Excellent Strain.

Perdriau "Watershed" Garden Hose, guaranteed 3 years, half-inch, 10½d. per foot.

THE WONDERFUL ST. BRIGID ANEMONES

LOCAL AND ACCLIMATISED BULBS

Easily the finest strain in the world. Produces quantities of large graceful paeony-like flowers of most exquisite shades.

These bulbs being locally saved, are more satisfactory than the imported line, as every bulb grows.

Few floral sights can compare with a bed of St. Brigid Anemones. Extra good for cutting and they last well in water.

We specialise in this line, and the blooms shown in our windows clearly proved their vast superiority.

Plant the bulbs now in well drained bed—plenty of well decayed manure (cow for preference) is very beneficial. They are extremely hardy, and will thrive in any part of Australia.

Plant 4 to 6 inches apart and about 1 inch under the ground.

Price 1/6 doz., 10/- 100.
Post Free.
